

1. Open the SetTime folder and click time TXT document **2019-04-16 9.22.40**
2. Click the date, 2019-04-16 9.22.40, change to your current time, and click "File" and select "Save"
3. Then, copy the ' tiane ' TXT document outside of the SetTime folder. Turn on the recorder, and press record button, the recorder will automatically read tiane, and update time

***Note:**

- 1) The tiane TXT document must be moved outside of the "RECORD" folder, then the synchronization time will work.
- 2) Please back up SetTime folder on to PC
